Please use this version of the 2/19 CoS. I had to change dates on the FIR FIP - we now expect signature by 2/22.

I am now using web based outlook for email so I'm at least seeing them now but is a bit inefficient.

Please use the attached template for your updates. Please review

all current items for accuracy.

Reminder: I have removed the yellow highlights

and red text from this report, for your ease in updating.

Please prepare the current week's

report:

1. add yellow highlights to each box where you have text changes
2. mark all text changes [only the changed text, not the entire section] in red ... this will help me figure out what changes have been made when I receive updates in one item from two organizations.
3. if the date has changed, please reposition the item so that it is in

chronological order.
